

MUHAMMAD SHAHIR P

Dubai, UAE hello@shahir.dev +971 54 765 8537 www.shahir.dev linkedin.com/in/shahirp70

Summary

Full Stack and Cross-Platform Developer specializing in the MERN Stack and Flutter, skilled in building scalable web and mobile applications. Experienced in designing clean RESTful APIs, architecting dynamic user interfaces, and executing seamless client-server integration. Leverages AI-driven workflows with Cursor and Google Antigravity to accelerate development cycles and deliver high-performing software within Agile teams.

Experience

Software Developer Nov 2025 – Present
Vionex Nova FZC Dubai, UAE

- Leading the development and scaling of integrated platforms for real estate and fitness business management.
- Designing and implementing comprehensive ERP systems with detailed module breakdowns and industrial integrations.
- Utilizing agentic IDEs and advanced AI development tools to streamline coding workflows and technical infrastructure.

Software Developer Aug 2024 – Sep 2025
Highskilz Kerala, India

- Engineered and scaled full-stack web applications utilizing the MERN stack with secure, role-based authorization.
- Designed highly reusable React components, boosting development speed and ensuring mobile responsiveness.
- Developed mobile features using Flutter for a single codebase deployment across iOS and Android.
- Collaborated directly with clients to gather requirements and demonstrate finished software solutions.

Projects

Emerald ERP Nov 2025 – Aug 2026

- Built a full-stack MERN ERP system featuring multi-tier RBAC to streamline interior design project lifecycles, material procurement, and inventory management.

• **Tools:** MongoDB, Express.js, React, Node.js, Tailwind CSS.

Evento App Sep 2025 – Nov 2025

- Engineered a cross-platform event management mobile application integrating real-time database synchronization, push notifications, and secure RESTful backend services.

• **Tools:** Flutter, Node.js, Express.js, Firebase.

NexCart Aug 2026

- Currently developing a scalable headless e-commerce platform with a high-performance React storefront and a customized Medusa admin panel for catalog and order management.

• **Tools:** React, Medusa.js, Node.js, PostgreSQL, Tailwind CSS.

Education

Luminar Technolab, Kochi — MERN Full Stack Developer. Aug 2024 – Apr 2025

University of Calicut, BSc in Computer Science. Aug 2021 – Mar 2024
